BODY & MUSIC ACTIVITIES

We recommend our activities to every age groups.

We offer an attractive educational program for primary and secondary pupils. We combine music education with fun to evolve the curriculum. Children learn songs, develop inner musical sense and musical training with body movement and learn about musical notation. We introduce elements of Dalcroze Eurhythmics and corrective exercises.

A great start of education for the youth, which will introduce various skills and provide them with a good foundation for the future.

Sessions are provided by an educator
Magdalena Wellenger -
teacher of Eurhythmics, Piano and Singing

In the program:

- Elements of the Dalcroze methodology
- Rhythmic and motor exercises with piano accompaniment
- We play on simple percussion instruments
- Gymnastic exercises with musical accompaniment
- Elements of ballet
- Aural training
- Voice projection
- Movement expression
- Elements of music therapy
- Musical notation
- History of music
- Choreographic arrangements.
